FALL PLANTING

As a rule fall is much the best time for planting hardy trees, vines and shrubs and . we can and do ship them all through October and November. We recommend, however, that they be left standing in the nursery up to October 15th to ripen and harden. When planted in the fall, the cut ends of the roots callous by spring; the winter's rains and snows settle the soil closely around the roots; and the tree is ready to start to grow early and vigorously; thus making a much larger growth the first year than if planted in the spring. Do not trim the tops of the trees in the fall, but early in the spring. It is also well to bank the soil high around the trees and plants as a protection to the roots and to prevent too much swaying in the wind. This applies to all stock offered herein except strawberries, black raspberries, dewberries and perhaps peaches. These do not do as uniformly well, planted in the fall, as other stock.

Another thing in favor of fall planting is that the weather is usually better, the soil dryer, and there is more leisure than in spring. But if the weather is wet and you are finally obliged to plant in the mud, if at all, the winter's frost will pulverize the soil again; while if you plant in the mud in the spring, the ground will be hard and uncongenial all summer.

After fall planting the next best time is early spring. Plant as early as the ground is dry enough to work well, especially strawberries and black raspberries. Stock planted in late spring may do well if the weather is favorable; but if it should turn hot and dry early, as it sometimes does, the stock will certainly suffer, even if it does not die. For this reason it is a good plan to get the trees and plants in the fall, even if you do not plant until spring. heel them in as recommended below, and have them on hand to plant whenever you are ready.

CARE OF STOCK WHEN RECEIVED—When the stock arrives, unpack and plant at once. Should it, however, appear frozen, do not unpack, but cover it up in a cool, dark cellar or other convenient place where it may thaw out gradually. Freezing does not injure plants, but rapid thawing with exposure to air and light does. If not ready to plant when received, heel them in, in a dry place, protected both against sun and sweeping winds. Dig a trench deep enough to hold the vines, plants or trees; open the bundles and spread them out against the side of the trench an inch or two hick; cover them with a layer of soil, pressing it against the side of the trench to exclude air; and put on alternate layers of stock and soil, etc., until completed, taking care to keep the different varieties separate and well labelled. If the vines and plants are left to be keeled-in over winter, both root and top must be well covered with earth, and over that place a cover of coarse horse-manure or other litter to his use safety. Trees are heeled in leaning with the prevailing wind at an angle of 30 or 40 degrees and buried one-third to one-half of their length. The balance may be covered with evergreen boughs or other brush, but with nothing that would attract mice.

TERMS AND CONDITIONS

Five of one kind and 10 of not over three varieties at 10 rates. 50 of not over five varieties at 100 rates. 400 of not to exceed eight varieties at 1000 rates. Strawberries, Raspberries and Blackberries not over two varieties in 100, nor over four in 400.

POSTPAID—At single and ten rates, Grapes and Small Fruits will be mailed postpaid. Inasmuch as postage on vines and plants to the Pacific States and some other distant points is cheaper than express charges, we often get orders for hundreds and thousands of vines and plants to be mailed. This we do when postage is added to the price, according to the following table:

Postage	Per 50 P	er 100	Postage	Per 50	Per 100
Grapes, Currants and	Goose-		Blackberries	\$.40	\$.75
berries, 2 yr. No. 1	\$1.15	\$2.25	Strawberries	20	.35
The same, 1 yr. No. 1.		1.50	Asparagus, 2 yr	40	.60
Raspberries		.75	Asparagus, 1 yr	30	.40

Our vines and plants are very strong, hence the large amount of postage required. The postage on No. 2 Grape Vines, Gooseberries and Currants is but two-thirds as much as on No. 1.

FUMIGATION—Our nursery stock has been examined according to law and pronounced free from San Jose Scale and other vermin. Still, as an additional precaution, we have built an air-tight room where we shall fumigate our trees, etc., with hydro-cyanic acid gas to kill any vermin that may accidentally be upon them.

CLUB ORDERS—Parties requiring but few vines and plants are invited to take advantage of our offer to send \$15.00 worth, freight paid, by clubbing with, or taking orders of their

neighbors.

FREIGHT PREPAID—Orders of \$15 or over, with a remittance for full amount, will be sent freight paid to any shipping point in the States of New York, Pennsylvania. Ohio, Indiana, Michigan, New Jersey, Delaware and all New England States. Also to the following distributing points: Wheeling, W. Va.; Louisville, Ky.; St. Louis, Mo.; Chicago, Ill.; Richmond, Va., and Baltimore, Md.

EXPRESS CHARGES we do not prepay.

OUR SHIPPING SEASON extends from October 15th to May 15th. From December 1st to March 15th by mail and express only, as that is carried in warmed cars.

CLAIMS OF ANY KIND must be made within five days after receipt of goods. Those made after a lapse of ten days will not be entertained.

OUR GUARANTEE—We warrant all our stock to be true to name and of quality represented to this extent, that should any prove otherwise we hereby agree, upon proper proof, to refund the money received for the same, or else replace with others that are true. But we are not liable for damages other than herein named.

OUR REFERENCES ARE: Citizens Trust Co. and the National Bank, both of Fredonia, N. Y.; the Lake Shore National and Merchants National Banks, both at Dunkirk, N. Y. Your own banker may also give you our business standing from the mercantile reports. When inquiring, do not forget to enclose a self-directed and stamped envelope for reply.

OUR TERMS are cash with the order. By holding to this rule we have no bad debts or

collection expenses and therefore can sell at lower prices.

Remit by postal or express order, bank draft or registered letter at our risk. Money loose in ordinary letters is at the risk of the sender. If desired, \$5.00 worth or more sent C. O. D., by express or freight, provided at least one-quarter of the amount, but not less than \$2.00, accompanies the order. Return charges on the money will be added in all cases.
